

Emergency Evacuation Coordinator Training

TPDOUBLEO SHE COMPLIANCE

Introduction

In any emergency situation, a well-coordinated evacuation is critical to ensure the safety of all personnel. Tpdoubleo She Compliance offers a comprehensive Emergency Evacuation Coordinator Training program designed to equip participants with the knowledge and skills necessary to effectively manage and lead evacuations. This prospectus outlines the key aspects of the training, its benefits, and how to register.

Tpdoubleo She Compliance is a **QCTO Accredited** training provider, a **Department of Labour CI Registered** company and a proud **SAIOSH Corporate Member**, committed to providing high-quality, industry-relevant training.

Course Overview

This intensive one-day course covers all essential aspects of emergency evacuation coordination, from understanding legal requirements to practical drills and post-evacuation procedures. Participants will learn how to develop, implement, and manage effective evacuation plans, ensuring the safety and well-being of everyone in the workplace during an emergency.

Course Objectives

Upon completion of this course, participants will be able to:

- Understand relevant legal requirements and standards related to emergency evacuations.
- Develop and implement comprehensive evacuation plans tailored to specific workplace environments.
- Effectively communicate evacuation procedures to all personnel.
- Identify and mitigate potential hazards that could impede evacuation efforts.
- Conduct evacuation drills and evaluate their effectiveness.
- Manage and lead evacuation teams during emergencies.
- Provide post-evacuation support and assistance.

Course Content

The course curriculum includes the following key modules:

1. **Legal Framework and Standards:** An overview of relevant legislation, regulations, and industry best practices.
2. **Evacuation Planning:** Developing site-specific evacuation plans, including identifying escape routes, assembly points, and communication protocols.
3. **Roles and Responsibilities:** Defining the roles and responsibilities of evacuation team members, including evacuation coordinators, floor marshals, and first aiders.
4. **Communication and Coordination:** Effective communication techniques for disseminating information during emergencies and coordinating evacuation efforts.
5. **Evacuation Drills and Simulations:** Conducting realistic evacuation drills to test the effectiveness of evacuation plans and identify areas for improvement.
6. **Post-Evacuation Procedures:** Managing the aftermath of an evacuation, including accounting for personnel, providing support, and conducting incident investigations.

Target Audience

This course is designed for individuals who are responsible for coordinating emergency evacuations in the workplace, including:

- Health and Safety Officers
- Facility Managers
- Supervisors
- Team Leaders
- Designated Emergency Evacuation Coordinators
- Any personnel involved in emergency preparedness and response

Course Duration

1 Day

Certification

Upon successful completion of the course, participants will receive a certificate of attendance from Tpdoubleo She Compliance, demonstrating their competency in emergency evacuation coordination.
